

August 27, 2020

Dear Parents and/or Guardians of Monarch Park Collegiate Institute and SOLE Alternative School

Appointment of Incoming Vice-Principal

The Toronto District School Board, at its meeting held on Wednesday, August 26, 2020, approved several promotions and transfers of school administrators within the system to take effect September 1, 2020. As a result, there will be a change to the administrative team at Monarch Park Collegiate Institute and SOLE Alternative School as Vice-Principal Lesley Gage has been promoted to Principal at York Mills Collegiate Institute.

We welcome Mr. Jonathan Jones as the incoming vice-principal who is being promoted from a Centrally-assigned teaching position with the Secondary Alternative Schools West. Vice-Principal Jones has a strong interest in alternative education, equity and student well-being and holds a Specialist Qualification in Special Education.

Thank you to Vice-Principal Gage for her commitment to the Monarch Park Collegiate and SOLE community for the past two years. We acknowledge her school leadership as she provided professional learning opportunities for staff and effectively supported all students. We thank her for her ability to analyze data and focus on building an intensive reading program. Ms. Gage's approachability, ability to build consensus and her calm communication style has all been appreciated. All these skills will serve her well as she takes on the role of principal at York Mills CI. Congratulations!

For the upcoming school year, we anticipate continued excellence led by the school administrative team and the entire Monarch Park CI and SOLE Alternative School staff.

Join me in wishing Principal Gage continued success in her new role and in extending a warm welcome to Vice-Principal Jones.
